MSG: I have just been informed that the 6 students arrested yesterday -Pompeia, Fernando Araujo, Joaquim, Clemente, Antonio e Jose Paulo Silva - are at the Indonesia police Headquaters in Denpassar, Bali. They were accused of instigating the 12 Nov demonstration.
According to them they will be taken to court and will be sentenced under the subversive act (indonesia).
Fernando Araujo has taken full responsability to save others. Many docs were found in his room. The police also said that they found 2 granades.

The students are asking TAPOL to ask the LBH in Jakarta (legal eid) to help them in legal matters.

Students also asked for the International Red Cross in Jakarta to visit regularly those "6".

Also, according to the students Fernando Araujo may be sentenced to death or 10 to 15 yrs in prison.

These informations can only be disclosed tomorrow afternoon, for safety reasons.
